

Notice of Change to your ISU Payroll Deduction

Effective July 1, 2021:

Your employer (ISU) will no longer be offering payroll deductions through Illinois State Credit Union. This means your payments and/or transfers will not automatically take place after this date. *You should also receive a notification from the ISU Payroll Department.*

Good news! We can still set up payments and transfers through these methods:

- If your direct deposit comes to ISCU:
 - Set up [deductions](#) through the credit union.
- If your direct deposit goes to another institution:
 - Set up a recurring [electronic transfer](#) through ISCU or your other institution.
- If you prefer to direct a portion of your payroll to ISCU:
 - Adjust in your employee portal.
 - Routing Number: 271186931

ISU has provided the following contact information and video tutorials to assist in setting up a second direct deposit on your employee portal:
